If a participant is entitled to more than one Gift Pack, the participant can order them to different names and postal addresses. The Gift Pack can be received by registering on the site specified above between 1 October 2018 and 31 January 2019; participants' barcodes that have not been redeemed until the deadline will no longer be eligible for the Gift Pack. General Provisions. Participation in and conduct of the Game shall be governed by these Rules. Sziget makes these Rules accessible on the following website: <https://szigetfestival.com/en/policy-gctc> By purchasing tickets online during the promotional period, the persons participating in the Game accept these Rules as binding on themselves. Participants are entitled to refuse to take receipt of the Gift Pack. The Game will last until the stocks of the available ten thousand Gift Packs run out. Sziget warns participants that only that participant can redeem the barcode who first enters the barcode obtained during the purchase, so it is important for participants to keep it safe. In case of any misuse of the barcode, a new barcode shall not be issued and a new Gift Pack shall not be provided by Sziget. In view of this, it shall be the participant's sole obligation and responsibility to safeguard the barcode diligently, in a way to prohibit access by unauthorised persons. Sziget excludes its liability for all and any misuse.

Data protection. The personal data of the participants collected during the purchase will be processed in accordance with the General Data Protection Regulation of Sziget. Sziget draws attention to the fact that when ordering the Gift Pack, participants must give the name and postal address of the recipients to VOLT BOLT Kft. only. Thus, Sziget does not have access to these data, it does not process them, although it does transfer the barcodes (without personal data) enabling participants to enter the Game to VOLT BOLT Kft. Data processing by VOLT BOLT Kft. is governed by its own data protection rules.
